troduced in the House of Representatives on the 9th inst., by Gen. Hunton, for the relief of the heirs of the late Richard Windsor, of this

Whereas by a decree of condemnation of the United States District Court for the Eastern District of Virginia, two tenements and lots of land, situate, lying and being in the city of Alexandria, State of Virginia, being the property of William N. McVeigh, were condemned as forfeited to the United States, under the general confiscation act of July seventeenth, eighteen hundred and sixty-two; that thereupon the said pieces of property were sold and conveyances made by John Underwood, as United tates Marshal for the Eastern District of Virginia, and that the said tenements and lots of land were conveyed by the said United States Marshal by deeds bearing date the eleventh day of April, eighteen hundred and sixty-four, for the consideration of two thousand and twenty-tive dollars, that is to say, the sum of sixteen hundred dollars for one tenement and lot of land, and the sum of four hundred and twenty-five dollars for the other; and the said sums, amounting to two thousand and twenty-five dollars, were paid into the Trescury of the United States, and are still, and have been, held to the use of the same for the last twelve years, that Richard Windsor, of the city of Alexandria, State of Virginia, became the purchaser of the said two tenements and lots of land, and that thereupon the said confiscation title was transmitted to himself; by a decision rendered at the October term, eighteen hun ired and seventy-six, of the supreme Court of the United States, the aforesaid William N. McVeigh recovered the said tenements and lots of land from the said Richard Windsor, and the sales made by the said United States Marchal were rendered null and void: now, therefore,

Be it enacted by the Senate and House of Representatives of the U.S. of America in Congress assembled. That the Secretary of the Treasury be, and is hereby, authorized and required to pay to the executors of Richard Windsor, de-cented, out of any money not otherwise appro-priated, the said sum of two thousand and twenty-five dollars, now wrongfully detained from the heirs of the said Richard Windsor, and which was paid into the Treasury of the United States, and is still and has been held to the use of the same for the last twelve years, being the amount of money received for the sale of ce. tain confiscated property in the city of Alexandria, State of Virginia; said sale having been declared illegal, and the property recovered from the sald Richard Windsor.

It is understood that there are several claims of a similar nature from residents of this city which will shortly be presented to the House.

NATIONAL JUNCTION RABLWAY .-- The Washington correspondent of the Baltimore Sun says that there is a proposition on foot to renew the late National Junction Railway Company upon a new basis. That company, which is now virtually dead, not having completed its work within the three years limited by itscharter, was authorized to construct a railway line from the north end of the Aqueduct bridge in a northeasterly direction, crossing Rock creek, and passing by S T or U screets around the city of Washington, crossing the branches of the Baltimore and Ohio Railroad to a point on the l'otomac or its eastern branch, with power to e astruct a Grand Union depot at some point b tween Third street and Fourthteenth street northwest. In the renewal of the company it is proposed to make a short line from the Aque duct bridge along the river side to the Kidwell Meadows, a flats in the Potomac near the Long bridge, and there to establish a Grand Union depot; thence along the river front of the city and the valley of the Eastern branch to the most feasible point on the Baltimore and Ohio Railroad or its Alexandria branch. Connection to be made at the Aqueduct with the Southern toads by a rehabilitation of the proposed Berm Bank Railway, in connection with the Wash ington and Ohio, the Virginia Midland, and the proposed Washington and Cincionati rail roads. The Union depot thus established would it is expected, become available for all the rail roads now here. The scheme has now no financial basis whatever, but it is understood that i is to be pressed with energy and a charter a ked from Congress in a few weeks.

M. E. Churcu.-Notwithstanding the unfavorable weather the body of the church was fairly filled last evening. Rev. W. Dinwiddie conducted the opening exercises, and preached with much force and impressivences from Hebrews ix., 27th and 28th verses: "As it is appointed up to men once to die, but after this the January 16, 1877. judgment, &c." .THE WEATHER -The weather to day has been bright and pleasant over head, but sloppy and disagreeable under foot. The ice and snow on the sidewalks and in the streets are rapidly disappearing. On the river, however, the thaw makes but little headway, the water which was on the surface of the ice yesterday having all frozen last night and formed a smooth, glas-y surface this morning early. Dur ing the day, a small amount of water gathered on the surface, but not enough to deter the skaters, many of whom were out. The ice beats were also out and made good time.

OFF THE TRACK .- The engine attached to a through freight train from the Baltimore and Ohio railroad for the Virginia Midland road ran off the track at St. Asaph junction, this morning, about six o'clock. The accident cau-ed a delay of about half an hour to the through passenger train on the Midland road. The engine was, however, soon gotten on the track again and proceeded on its way. The accident was due to the misplacement of a
